Ear Wax Removal - £80.00

A thorough ear examination and gentle ear wax removal by a qualified clinical audiologist using state of the art ear wax microsuction technology, followed by a brief hearing screen to determine whether a hearing loss is present.

Hearing Assessment - £60.00

A comprehensive consultation with a highly skilled audiologist who will determine the nature and extent of your hearing loss. If you go on to purchase hearing aids with us, the cost of this appointment will be refunded.

Free Hearing Solutions Discussion

Free with our Hearing Assessment or if you have test results from another provider and you are looking for a second opinion. Your audiologist will have a detailed discussion with you to determine the best hearing devices for your needs.

Hearing Aid Fitting

Following your Hearing Solutions appointment with us, your new hearing aids are fitted to your individual hearing loss.

All hearing aid costs are inclusive of a tailored aftercare package.

Hearing Aid Reassessment - £60.00

Let our highly skilled audiologists re-test your hearing and modify your hearing aid settings for optimal hearing or provide a new hearing solution suitable for your needs.

Hearing Aid Clean and Check - £30.00

All devices can be cleaned, checked, and serviced for minor repairs.

Manufacturer repairs will incur additional charges.

Hearing Protection Assessment - £30.00 (additional charge for chosen hearing protection)

Expert advice for those working or having fun in noisy environments. We can advise on a wide range of off the shelf hearing protection or manufacture a custom made solution.
